A Wider Social Role for Sport presents the political and historical context for this increased government interest in sport s potential contribution to a range of social problems. The book explores the particular social problems that governments seek to address through sport, and examines the nature and extent of the evidence for sport s positive role. It illustrates that, in an era of

A Wider Social Role for Sport presents the political and historical context for this increased government interest in sport s potential contribution to a range of social problems. The book explores the particular social problems that governments seek to address through sport, and examines the nature and extent of the evidence for sport s positive role. It illustrates that, in an era of evidence-based policy-making, the cumulative evidence base for many of these claims is relatively weak
