Conditions Favoring Major Advances in Social Science

practical demands or conflicts? Were they applied to practice? If so, were they applied by or to individuals, small or middle-sized groups, or national governments and states? 12) How long was the delay between each major breakthrough and its first major impact on social science or social practice, or both? Some of the evidence bearing on these questions is summarized in Table 1 in relation to

Humanism as the Theme of Chinese Modernity

ABSTRACT. By examining humanist and Enlightenment discourse in reference to China and to the West, this essay reopens the question of how modern Chinese intellectuals assimilated Western ideas and applied them in their own social practice.

Social issue Wikipedia

Personal issues. Personal issues are those that individuals deal with themselves and within a small range of their peers and relationships. On the other hand, social issues involve values cherished by widespread society. For example, a high unemployment rate that affects millions of people is a social

issue.
