Cultural globalization Wikipedia

Cultural Globalization refers to the transmission of ideas, meanings, and values around the world in such a way as to extend and intensify social relations. This process is marked by the common consumption of cultures that have been diffused by the Internet, popular culture media, and international travel.

Toward a Global Culture CliffsNotes Study Guides

Toward a Global Culture. Some sociologists today predict that the world is moving closer to a global culture, void of cultural diversity. A fundamental means by which cultures come to resemble each other is via the phenomenon of cultural diffusion, or the spreading of standards across cultures. Cultures have always influenced each other through travel, trade, and even conquest. As populations

Global change Wikipedia

History of global-change research. In 1980, a group of scientists led by Swedish meteorologist Bert Bolin set up an international program called the World Climate Research Programme (WCRP), to determine whether the climate was changing, whether climate could be predicted and whether humans were in some way responsible for the change.
