History. Financial integration is believed to date back to the 1690s and was briefly interrupted at the start of the French revolution (Neal, 1990). At the end of the 17th century, the world's dominant commercial empire was the Dutch Republic with the most important financial center located in Amsterdam where Banking, foreign exchange trading

Economic Integration Characteristics Stages Advantages

The economic integration it is a process through which two or more countries in a certain geographical area, agree to reduce a series of trade barriers to benefit and protect each other. This allows them to advance and achieve common goals from the economic point of view. The agreements include reducing or eliminating trade barriers, in addition to coordinating monetary and fiscal policies
