The Hollow State and Human Rights shows that rights initiatives misdirected through a "hollow state" might strengthen the mechanisms of the state, but might not actually create a more attentive nation-state. Human rights activists and actors may be far more effective by accessing local structures directly, the practical implications of which go beyond the Philippines to other post-colonial states.

Human Rights and the Hollow State 1st Edition Hardback

The book investigates the beliefs about governance that determine that state structures are the most appropriate venue for international human rights actors and activists to operate. Helen Delfeld argues that those beliefs rely on a normative perception of a nation-state, not necessarily applicable

Human Rights and the Hollow State taylorfrancis com

Conclusion: Hollow States and Human Rights. Pages 7 . Grassroots activity and state-bypass activism has become standard political behavior in the Philippines, partly because the state-level discourse does not address many human needs. The discourse that has arisen around these needs often includes sections of the international community, only tangentially including the state government. But
