Inference to the Best Explanation Information Philosopher

Inference to the Best Explanation is a kind of abductive reasoning identified by Gilbert Harman in 1965. He called it abductive reasoning, but Harman's definition of abduction did not correspond exactly to Charles Sanders Peirce's triple of Deduction, Induction, and Abduction.

Inference to the Best Explanation Faculty of Arts

Inference to the Best Explanation Richard Johns revised October 2008 Before we can discuss inference to the best explanation, we must be clear on what an explanation is. That involves the notion of causation, and also of inference. 1. Causation and Inference There is an important difference between physical causation and rational inference. Consider, for example, the following two sentences

A Student Example of Inference to the Best Explanation

In this course, you will learn what distinguishes inductive arguments from deductive arguments and then how to analyze and assess five common forms of inductive arguments: generalizations from samples, applications of generalizations, inference to the best explanation, arguments from analogy, and causal reasoning. The course closes by showing how probability can be used to help us make
