MORKMON A Quarterly Model of the Netherlands Economy for

Oatil the early 1970s monetary econometrics was virtually unexplored territory in the Netherlands. The Bank's econometric research, which I have had the privilege to direct since 1971, sought to map this territory gradually and thus to obtain the elements for building a monetary model for the Netherlands.

As regards the research strategy, I opted for the performance of studies on specific aspects. The quarterly model MORKMON presented in this monograph may be regarded as the conclusion of
