Participatory democracy Wikipedia

Participatory democracy emphasizes the broad participation of constituents in the direction and operation of political systems. Etymological roots of democracy (Greek demos and kratos) imply that the people are in power and thus that all democracies are participatory.

Zittel Fuchs Participatory Democracy and Political

"Participatory Democracy and Political Participation" provides the first systematic evaluation of most visible and explicit efforts to engineer political participation via institutional reforms. Policies of democratic reform aim to increase the level of political participation by implementing institutions of participatory democracy. Such policies are debated in established democracies as means

Participatory Democracy Revisited Perspectives on

Democracy is a subject that crosses the boundaries in political science, and within my own field of political theory there has been a major revival of democratic theory. In political theory, argument about democracy is usually now qualified by one of an array of adjectives, which include cosmopolitan, agonistic, republican, and monitory. But the new form that has been by far the most
