Social Experience and Anthropological Knowledge Taylor

Social Experience and Anthropological Knowledge traces the process from the ethnographic experience to the analytical results, showing how fieldwork enables the ethnographer to arrive at an understanding, not only of 'culture' and 'society', but also of the processes by which cultures and societies are transformed. The contributors challenge the distinction between subjectivity and objectivity

Is there a difference between social anthropology and

Social anthropology is a British tradition incorporating a lot of French theorists, which minimises the idea of culture and emphasises social structure and function and how that is expressed in the body and actions of the individual. What these different intellectual traditions share is a concern for people in groups and a shared methodology of participant observation and ethnography. There
