Milward provides a detailed historical analysis of the origins of European integration, using statistical and verbal records of national economic policy. He counters Eurosceptic conceptions that the European Economic Community was 'the beginning of the end' of the nation state. Milward argues, in the manner of neo-realists, that European economic and political integration happened because it

The European Rescue of the Nation State by Alan S Milward

European integration thus "rescued" the nation state by giving it a new purpose and recourse for its existence. He argues that the West European nation state "rescued itself" in the 40s and 50s by constructing for itself a new political legitimacy, one which included transnational coordination on a number of issues.
