2 Project Management Overview Project Management

In order for you, as the project manager, to manage the competing project constraints and the project as a whole, there are some areas of expertise you should bring to the project team (Figure 2.11). They are knowledge of the application area and the standards and regulations in your industry, understanding of the project environment, general management knowledge and skills, and interpersonal

5th Edition PMBOK Guide Chapter 1 Project Constraints

In this blog post, I take a slight detour to expand on the subject of project constraints which is mentioned as one of the elements of Project Management, but which deserves a lot more attention for two reasons: it's importance and the understated way it is presented in the PMBOK Guide, which unfortunately belies that
