## **Why Europe The Rise of the West in World History 1500**

It is good if you've read 20 books on world history and want a short detailed argument about Europe

and it's rise. Otherwise, don't bother. Furthermore, it should be called Why England? as the author uses England as the focus of Europe and rarely mentions other countries of Europe for his comparative analysis.

### **The Rise of the West Wikipedia**

The Rise of the West: A History of the Human Community is a book by University of Chicago historian William H. McNeill, first published in 1963 and enlarged with a retrospective preface in 1991. It explored world history in terms of the effect different old world civilizations had on one another, and especially the deep influence of Western civilization on the rest of the world in the past 500
