World Heritage Urban Design and Tourism Three Cities in

Urban planners and conservationists in historic cities around the world grapple with the competing interests of conservation, urban design, and economic and social development. This book offers an interdisciplinary approach to the key relationships between heritage conservation, city space design, and tourism development in historic cities, linking theory and practice in a unique way. The book

The Best Cities For Urban Design In The World Culture Trip

Urban design is the way cities are shaped in order to best connect the local populations with their environments. Urban designers or planners bring together architecture, public space, sustainability, social equity, transportation, and other aspects of city life to create a space that consciously addresses each issue.
